

Felix Ventures Foundation - Equipment Use Agreement

Felix Ventures Foundation (FVF) provides equipment for participants to use during trips and activities. By borrowing FVF equipment, you agree to care for it properly and return it in the same condition it was received, excluding normal wear and tear.

Participant Responsibilities

- I will inspect all borrowed equipment and report any existing damage before leaving for a trip or activity.
- I am responsible for equipment that is lost, damaged, stained, broken, or misused while in my care.
- Personal Equipment (such as backpacks, sleeping bags, compasses, bear canisters, and shovels) is the responsibility of the participant who borrowed it.
- Group Equipment (such as tents, tarps, stoves, water filters, kitchen sets, coolers, lanterns, totes, and games) is the shared responsibility of the participants assigned to use it.
- I will return all borrowed equipment to the designated FVF location unless instructed otherwise.
- If equipment is damaged or lost, I agree to pay the repair or replacement cost as determined by the FVF Treasurer. Payments may be made in full or through an approved payment plan.
- Any outstanding balance must be paid according to the payment agreement and before participating in additional trips or activities.

Trip-Specific Responsibility

- Car Camping Trips: The cost of damaged group equipment will be divided equally among the participants assigned to use it.
- Backpacking Trips: The participant assigned to carry the equipment is responsible for any damage or loss, regardless of who used it during the trip.

Borrowing Privileges: Failure to follow this agreement or repeated damage to FVF equipment may result in the loss of equipment borrowing privileges and/or additional disciplinary action.

Participant Damage Responsibility Schedule: Normal wear and tear is expected and will not result in charges. Charges apply only to damage caused by negligence, misuse, loss, or failure to properly care for equipment. Damage fees are cumulative throughout a participant's time in the program. After the sixth offense, participants must provide their own equipment for future trips.
