To kill a target you must *GENTLY* stab them with the plastic knife. When you kill someone you get their knife, that is your next target. If someone else sees your kill they can call you out on it and both you and your target dies. The person who called you out gets all the knives from both you and your target. If the target is asleep or in the restroom they are immune from getting killed.*

DAMAGED EQUIPMENT/LOSS POLICY: We have checked all of our equipment. (What's broken, fixed, and etc.) You must return given equipment in the same condition it was given to you. You will be charged for returned damaged equipment. If you receive any equipment that already has any damage, let quartermasters, SPL, or any staff know immediately to avoid any charges.

72 HOURS CANCELLATION POLICY: If for any reason you are no longer able to attend this trip, you must let one of the staff and or officers in charge know at least 72 hrs. before the trip. If you fail to do so, you will be penalized with negative points and may be placed in the alternate list for the next trip.

VOLUNTEER ONE HOUR AFTER TRIP: All students attendees will be required to volunteer ONE hour after the trip, preferably during equipment cleaning. Students who help clean will receive a camp combo card. Collect 6 stamps and get a FREE In-n-out combo. For students who cannot attend the equipment cleaning day, they will still be required to come into the office and help for ONE hour. Completion of the hour must be done within 5 days of the trip. Consequences will be given to students who fail to complete the requirement.

6) Hiking Rules:

HEAD AND TAIL: When hiking, always assign a HEAD and TAIL. The TAIL should be the FASTEST hiker while the HEAD should be the SLOWEST hiker. No one passes the HEAD and no one falls behind the TAIL. This makes sure that everyone is together and no one gets left behind.

HEAD: As the HEAD you are the leader of the hike and must always stop at...

1. Fork in the Road
2. Stream Crossings
3. Assigned Time

TAIL: As the TAIL you are the one responsible to make sure everyone else is keeping up. You will be the one to alert everyone if someone is injured and take care of them.

ASSIGNED TIMES: Keep assigned times to 20 min to 30 min intervals and remember to drink water at every step. Stay on the trail. Do not cut the trail.

Campground Rules: Camping is a chance to get away, but in most cases, you're still surrounded by other people. All those people are looking to enjoy their vacation time as well. The following rules are a guide on how to be respectful to your neighbors and the land you are camping on:

1. If you are staying at a campground, you must camp only in those places specifically provided or marked.
2. Don't abuse the environment just to get a good photo or to take shortcuts. Trampling sensitive vegetation, vandalizing rocks or trees destroys the park's beauty and natural features and violates the **No Trace Left Behind**.
3. Don't feed wildlife. Wild animals such as squirrels, gophers, raccoons, and birds are commonly seen at the campground. They can pass disease to humans, and can even be aggressive if they become accustomed to getting handouts from campers. To ensure the safety of you and your group, please keep a safe distance.
4. Respect Quiet Hours (10:00 PM – 6:00 AM)
5. Collecting is not allowed. Everything is protected within your national park, including rocks, animals, and pine cones. Please leave them where you find them.
